

CHRISTMAS CELEBRATIONS

As the college geared up to celebrate the birth of Christ, the Students' Union took the initiative to spread the Christmas spirit by organizing fun activities over a week from 18 - 22 December 2017. An Interdepartmental carol singing competition was held in which the Departments of English and Chemistry shared the first position and the Department of Mathematics bagged the second position.

A card-making competition was held in which students were invited to design handmade Christmas cards based on the theme 'Joy of Christmas'. This received an overwhelming response from students who showed their skills through ingenious designs. Various games were also conducted during the breaks.

The last working day before the college closed for the season's holidays, was a day to share joy and cheer through a small programme at which our chief guest for the day, Fr. Charles gave the Christmas message, followed by Christmas greetings given by our Principal Dr. Sr. Jasintha Quadras. An energetic cultural performance put up by various clubs - Classical dance, Western dance, Mime, Light music and Western music, concluded with carol singing.
